La personalità e stile di Ceriotti nel progettare, costruire ed assemblare seguendo la prestigiosa tradizione italiana, famosa in tutto il mondo.

Ceriotti's personality and style in designing, building and assembling following the prestigious Italian tradition, famous Worldwide.

THE PROJECT AND THE DRAFT

Thanks to the know-how acquired in over 48 years of experience, to the constant research for innovative technical solutions and to the most advanced technological tools, we transform an idea into a product, engineered and industrialized to offer the highest quality and performance standards. Pencil and sheet are the tools from which all Ceriotti's products are born, products where we combine the latest stylistic trends with the practical needs of use in your salon.

THE PROTOTYPE AND THE MOLD

We create, try, modify, test; before becoming part of the normal production process, we make working prototypes that allow us to evaluate the product in the use you make of it every day. We design and manufacture the molds of our products in-house, in order to give them the distinctive character that make them unique and to be able to intervene in all phases of their "life" by improving their characteristics or adapting them to your needs.

THE MATERIAL

We carefully choose the production process and the material to be used for creating each product; we use high quality and high resistance wood frames, high density and low deformability polyurethane foams, first choice plastics, high purity aluminum worked with die-cast or shell molds, always seeking the right balance between aesthetics, practicality, durability and "value for money".

THE TAILORING

We choose the colors and materials of our skai chart to be always aligned with the trends of the fashion industry and with the highest quality standards, and we work them by hand and machine to offer sophisticated tailored finishes that make each product "your own" product.

ASSEMBLY AND THE PACKAGING

It is the "artisanal" touch that ensures that each Ceriotti's product is "unique", because it is assembled by hand with care, passion and professionalism; the experience and the careful planning of production and assembly processes allow us to respond quickly and flexibly to your requests. We select the shape, size and material of our packaging to protect the beauty and integrity of the products throughout the journey that will take them to your salon.

IL PROGETTO E LA BOZZA

Grazie al know-how acquisito in oltre 48 anni di esperienza, alla costante ricerca di soluzioni tecniche innovative ed ai più avanzati strumenti tecnologici trasformiamo un'idea in un prodotto, ingegnerizzato ed industrializzato per offrire standard qualitativi e prestazionali di altissimo livello.

Matita e foglio sono gli strumenti dai quali nascono tutti i prodotti Ceriotti, nei quali coniughiamo le più attuali tendenze stilistiche con le pratiche di utilizzo nel tuo salone.

IL PROTOTIPO E LO STAMPO

Creiamo, testiamo, modifichiamo, collaudiamo; prima di entrare a far parte del normale processo produttivo, realizziamo dei prototipi funzionanti che ci permettano di valutare il prodotto nell'uso che ne farai quotidianamente.

Disegniamo e realizziamo internamente gli stampi dei nostri prodotti, per poter dare il carattere distintivo che li rendono unici e per poter intervenire in tutte le fasi della loro "vita" migliorandone le caratteristiche o adattandoli alle tue esigenze.

IL MATERIALE

Scegliamo accuratamente il processo produttivo ed il materiale da impiegare per la realizzazione di ciascun prodotto; utilizziamo curvati di legno di altissima qualità e resistenza, schiume poliuretaniche ad elevata densità e bassa deformabilità, materie plastiche di prima scelta, alluminio ad elevata purezza lavorato con stampi in pressofusione o in conchiglia.

LA CONFEZIONE

Scegliamo i colori ed i materiali della nostra cartella skai per essere sempre allineati con le tendenze del mondo della moda e con gli standard qualitativi più elevati, e li lavoriamo a mano e amacchina per offrire finiture sartoriali ricercate che rendano ogni prodotto il "tuo" prodotto.

L'ASSEMBLAGGIO E L'IMBALLAGGIO

È la componente "artigianale" a far sì che ogni prodotto Ceriotti sia "unico", perché assemblato a mano con cura, passione e professionalità; l'esperienza e l'attenta pianificazione dei processi di produzione ed assemblaggio ci permettono così di rispondere con rapidità e flessibilità alle tue richieste.

Selezioniamo la forma, la dimensione ed il materiale dei nostri imballi per proteggere la bellezza e l'integrità dei prodotti in tutto il percorso che li porterà fino al tuo salone.

Dove Design e Relax si incontrano

Molto più di un semplice lavaggio: è un angolo di relax e stile, dove il design incontra il comfort.

La sua struttura avvolgente sembra quasi un abbraccio che accoglie il cliente in un momento di puro benessere.

I braccioli, decorati con un patchwork di colori vivaci e raffinati, aggiungono un tocco artistico e giocoso, rendendo il trattamento un'esperienza sensoriale.

Il lavabo nero lucido, dalle linee sinuose e moderne, riflette la luce con eleganza, mentre il pratico vassoio laterale permette di avere tutto a portata di mano, senza interrompere la magia del momento.

È un pezzo d'arredamento che racconta una storia di stile, creatività e cura per il cliente, perfetto per chi vuole distinguersi con un salone che trasmetta personalità e raffinatezza.

Much more than just a washing unit: it's a corner of relaxation and style, where design meets comfort.

Its enveloping structure feels almost like an embrace, welcoming the client into a moment of pure well-being.

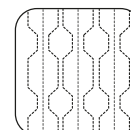

The armrests, decorated with a patchwork of vibrant and refined colors, add an artistic and playful touch, transforming the treatment into a sensory experience.

The glossy black sink, with its smooth, modern lines, reflects the light elegantly, while the practical side tray keeps everything within reach, without interrupting the magic of the moment.

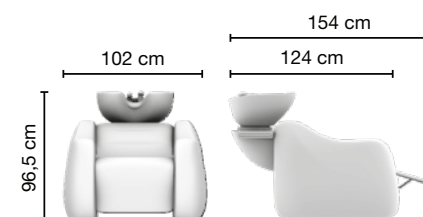

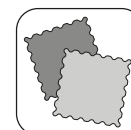

It's a piece of furniture that tells a story of style, creativity, and attention to the client, perfect for those who want to stand out with a salon that conveys personality and sophistication.

CARRELLO IN MATERIALE ANTIMACCHIA COLOR PROOF MATERIAL

Pulito in tre mosse, senza fatica

Clean in three steps, effortlessly

I carrelli con l'icona "Antimacchia" sono fatti con plastiche speciali di alta qualità, sviluppate da CERIOTTI per resistere alle macchie dei prodotti tricologici e mantenere colori brillanti nel tempo. Anche dopo un uso prolungato, basta un detergente delicato e un panno morbido per eliminare ogni traccia e farli tornare come nuovi!

Trolleys with the "Stain-Resistant" icon are made from high-quality special plastics, developed by CERIOTTI to resist stains from hair products and keep their colors vibrant over time. Even after prolonged use, a gentle cleaner and a soft cloth are all you need to remove any marks and make them look like new!

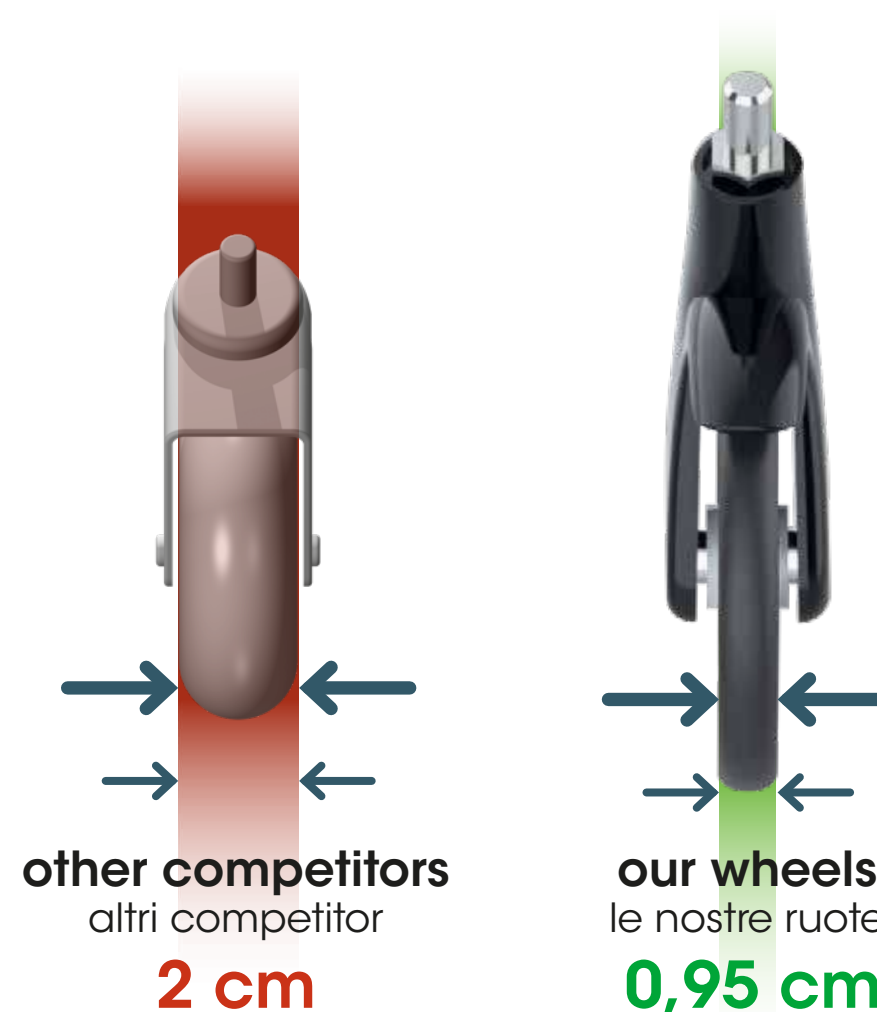

choose the best!

RUOTE ANTICAPELLO

- MENO MANUTENZIONE
- PIÙ SCORREVOLEZZA
- MINIMO CONTATTO CON IL PAVIMENTO

90%
DI CAPELLI
IN MENO

• Facili da smontare

• Facili da pulire

• Facili da igienizzare

Con una ruota più sottile, la superficie di contatto con il pavimento è ridotta al minimo, evitando l'accumulo di capelli e mantenendo la ruota sempre perfetta e pronta all'uso. La forcella, progettata con cura, impedisce che i capelli si attacchino al perno. E se serve una pulizia approfondita, basta smontare la ruota con pochi semplici passi.

With a thinner wheel, the contact surface with the floor is minimized, preventing hair accumulation and keeping the wheel always perfect and ready for use. The carefully designed fork prevents hair from sticking to the axle. And if a deep clean is needed, the wheel can be easily removed in just a few simple steps.
